Industrial symposium titled:

“Contemporary Approaches to Addressing Cardiovascular Risk in Patients with ASCVD”

**04th December
2024**
(Wednesday)

**12:30-
13:30**

**Oman Convention & Exhibition Centre
Muscat, Oman (Hall C-Nizwa)**

Dear Doctor,

You are warmly welcomed by Novartis to attend industrial symposium titled “**Contemporary Approaches to Addressing Cardiovascular Risk in patients with ASCVD**” at **20th International Symposium on Atherosclerosis 2024** . We invite you to join us for a distinctive experience aimed at expanding the knowledge. We eagerly anticipate your participation.

| TIME | TOPIC | FACULTY |
|---------------|---|--------------------------------------|
| 12:30 - 12:35 | Opening | Dr. Khalid Al Waili (Oman) |
| 12:35 - 12:55 | Uncovering a Hidden Player in ASCVD: Lp(a) | Prof. Raul D. Santos (Brazil) |
| 12:55 - 13:15 | Shaping ASCVD Care: Cutting-Edge Treatment Approaches | Dr. Hani Sabbour (UAE) |
| 13:15 - 13:30 | Panel Discussion | Faculty |

Dr. Hani Sabbour

Consultant Cardiologist/Cardiac Electrophysiology
Mediclinic Airport Road Hospital
Abu Dhabi, United Arab Emirates

Dr. Sabbour graduated with a bachelor's degree in Basic Medical Sciences and another in Medicine and Surgery from Kuwait University Faculty of Medicine in 1994 with first class honors. He was also twice-awarded His Highness the Emirs Gold Medal for academic excellence in both degrees. Dr. Sabbour has six American Board Certifications and is currently certified by the American Board of Internal Medicine in Cardiac Electrophysiology, Advanced Heart failure and Transplant Cardiology, Cardiovascular Disease, Internal Medicine, Echocardiography and Nuclear Cardiology. He has always been heavily involved in teaching and has been a part of the teaching faculty at Brown University since 2006. He was promoted to Clinical Assistant Professor of Medicine and Cardiology at Brown University Warren Alpert School of Medicine in 2013. Dr. Sabbour has been active in research and is currently an active PI in two international multi-center trials in the field of pacing and ICDs and has had several publications in the field. He was also appointed as the Internal Medicine Residency Program Director at Al Ain Hospital, as well as Arab Board Cardiology Fellowship Site Co-Director.

FACULTY

A/Prof. Raul Santos

Senior Consultant
MBBS (S'pore), M Med (Internal Medicine), MRCP (UK), FAMS, FESC, FACC, MBA
Deputy Chief Executive Officer,
National Heart Centre Singapore

Dr. Santos is director of the Lipid Clinic at the Heart Institute (InCor) and associate professor of the University of São Paulo (USP) Medical School, Brazil. He is also a researcher at the Hospital Israelita Albert Einstein in São Paulo. He is a former president of the International Atherosclerosis Society (IAS). After completing his training in cardiology Dr. Santos obtained master and PhD degrees in food science at the USP pharmacy school. His research interests include lipid metabolism, severe forms of genetic dyslipidemias, especially familial hypercholesterolemia and HDL deficiency, non-alcoholic fatty liver disease and imaging in atherosclerosis focusing on vascular calcification. He is one of the associate editors of Atherosclerosis, the Journal of Clinical Lipidology and the European Journal of Preventive Cardiology.

Dr. Khalid Al Waili

Sr. Consultant Medical Biochemist & Lipidologist
Head of Department of Biochemistry and
The Lipid Unit, SQUH, Oman

Dr. Khalid Al Waili studied medicine in Oman and obtained his Medical Degree in 2001. He then did his residency training in Medical Biochemistry for 5 years at McGill University, Canada, 2004 - 2009. Then he spent two years in Canada, working as a clinical fellow and Scientist in clinical Lipidology at the Royal Victoria Hospital, McGill University, under the direct supervision of Prof. Jacques Genest. The National Lipid Association in the United States also awarded him a certificate in Clinical Lipidology in 2010.

Dr. Al Waili is a Senior Consultant Medical Biochemist and Lipidologist and he is currently the Head of Department of Biochemistry and the Lipid Unit at the Sultan Qaboos University Hospital (SQUH) in Oman. He is a founding member, and currently the vice president of Oman Society for Lipid & Atherosclerosis (OSLA).

His main interest in research is in the field of Lipid and lipoprotein metabolic disorders; Familial hypercholesterolemia and familial hypertriglyceridemia management and genetic cascade screening. He has several publications and one chapter book in the field of lipid and atherosclerosis.
